Re: Active IT – IT Support for schools.

To whom it may concern,

We have been working with Active IT for around 12 months. I have worked with them at my previous school and was keen to engage them at my new school as quickly as possible. They are always incredibly professional and efficient with support and also offering valuable advice!

Active IT have different levels of support available to suit schools' budgets and are very flexible adjusting them as needs change. In these times, I am ever grateful to have them on hand!

I could not recommend them more highly.

Guy Shore
